6. ORDERS - INSTRUCTIONS

6.1. In case of an Order received by the Company in any means other than through the Trading Platform, the Order will not be processed.

6.2. The Company reserves the right, at its discretion, to reject all requests received except those received through the online Trading Platform.

6.3. The Client has the right to authorize a third person to give instructions and/or Orders to the Company or to handle any other matters related to this agreement, provided that the Client has notified the Company in writing that such a right shall be exercised by a third party and that this person is approved by the Company and fulfils all of Company's conditions to allow this. Unless the Company receives a written notification from the Client terminating the said person's authorization, the Company will continue accepting instructions and/or Orders given by this person on behalf of the Client and the Client will recognize such Orders as valid and binding on the Client. The Company requires two (2) working days written notification for the termination of the authorization to a third party.

6.4. Once the Client's instructions or Orders are given to the Company, they cannot be revoked.

6.5. The transaction (opening or closing a position) is executed at the "BID" / "ASK" prices or "CALL" / "PUT" offered to the Client. The Client chooses the position he wishes to take and makes a request to receive a transaction confirmation by the Company. The transaction is executed at the prices the Client can see on the screen. Due to the high volatility of the markets during the confirmation process the price may change, and the Company has the right to offer the Client a new price. In the event the Company offers the Client a new price, the Client can either accept the new price and execute the transaction, or refuse the new price, thus cancelling the execution of the transaction.

Telephone conversations between the Client and the Company may be recorded and kept by the Company and recordings will be the sole property of the Company.

6.6. The Client, using the Trading Platform, can give only the following Orders of trading character:

(a) OPEN – to open a position;

(b) CLOSE – to close an Open Position;

(c) To add, remove, edit Orders for Stop Loss, Take Profit, Buy Limit, Buy Stop, Sell Limit, Sell Stop, Put, Call, Closed. Any other Orders are unavailable and are automatically rejected. The Open or Closed Position confirmed cannot be cancelled by the Client.

Orders can be placed, executed, changed or removed only within the operating (trading) time and shall remain effective through the next trading session. The Client's Order shall be valid and in accordance with the type and time of the given Order, as specified. If the time of validity of the Order is not specified, it shall be valid for an indefinite period.

6.7. The Company shall not be held responsible in the case of delays or other errors caused during the transmission of Orders and/or messages via the Internet or other communications network, as well as for damage which may be caused by the non - validity of securities, or a mistake in the bank account balance of the Client. The Company shall not be held responsible for information received via the Internet or other communications network or for any loss which the Client may incur in case this information is inaccurate.

6.8. The Client acknowledges and agrees that the Company has the right to close any transaction, at its sole and absolute discretion, without providing prior notice to the Client, if the underlying asset or contract on which the transaction is based settles on an expiry date as determined by the relevant Financial Market, a reasonable time prior to such Expiry Date (such time referred to as "**Closing Time**" and the relevant expiring transaction referred to as an "**Expiring Transaction**"). The Company shall indicate the Closing Time for each asset in the relevant Contract Specifications. The Company will not be obligated to roll over an Open Position in an Expiring Transaction.

6.9. The price of the Expiring Transaction will be: (a) the last traded price at or prior to the Closing Time; plus or minus (as the case may be) (b) any spread the Company may apply when such an Expiring Transaction is closed. The Client acknowledges that it is the Client's responsibility to make itself aware of the Closing Time and of any spread or commission that the Company may apply when closing an Expiring Transaction.

6.10. The Company reserves the right to change the opening/closing price (rate) and/or size and/or number of the related transaction (and/or the level and size of any Sell Limit, Buy Limit, Sell Stop, Buy Stop order) if any Financial Instrument becomes subject to possible adjustment as the result of any event set out in paragraph 6.12.below (hereinafter the "**Corporate Event**"). This operation is applied exclusively to securities and intends to preserve the economic equivalent of the rights and obligations of the parties under that transaction immediately prior to that Corporate

Event. All actions of the Company arising from such adjustments are conclusive and binding upon the Client. The Company shall inform the Client of any adjustment as soon as reasonably practicable.

6.11. While a Client has any Open Positions on the ex-dividend day for any Financial Instrument, the Company reserves the right to close such positions at the last price of the previous trading day and open the equivalent volume of the Financial Instrument at the first available price on the ex-dividend day. In this case the Company has to inform the Client by internal mail within the trading terminal about the possibility of such actions not later than the closing of the trading session prior to the ex-dividend day.

6.12. “**Corporate Events**” are the declarations by the issuer of the equity on which the Financial Instrument is based, including without limitation with respect to the terms of any of the following:

- a) a subdivision, consolidation or reclassification of shares, a share buy-back or cancellation, or a free distribution of shares to existing shareholders by way of a bonus, capitalization or similar issue;
- b) a distribution to existing holders of the underlying shares of additional shares, other share capital or securities granting the right to payment of dividends and/or proceeds of liquidation of the issuer equally proportionately with such payments to holders of the underlying shares, or securities, rights or warrants granting the right to a distribution of shares or to purchase, subscribe or receive shares, in any case for payment (in cash or otherwise) at less than the prevailing market price per share as determined by the Company;
- c) any other event in respect of the shares analogous to any of the above events or otherwise having a diluting or concentrating effect on the market value of the shares.

6.13. If at any time trading on a relevant Financial Market is suspended, the Company shall calculate the value of the underlying asset of the Financial Instrument with reference to the last traded price before the time of suspension, as reasonably determined by the Company if no trading in that underlying asset is undertaken during the business day on which a suspension occurs. In the event that the aforesaid suspension continues for five (5) business days, the Company may decide, at its sole and absolute discretion, a Closing Time and price of the underlying asset. During the term of a transaction whose market is suspended, the Company shall have the right to close the position at its discretion and/or to amend or vary the margin requirements and margin rates.

6.14. If a Financial Market announces that pursuant to the rules of such Financial Market the relevant underlying asset has ceased (or will cease) to be listed, traded or publicly quoted for any reason and is not immediately re-listed, re-traded or re-quoted on the relevant Financial Market or quotation system located in the same country as the Financial Market (or where the Financial Market is within the European Union, in any Member State of the European Union), or already so issued, quoted or traded the day on which such event occurs, or (if earlier) is announced, shall be the Expiry Date, and the Closing Time shall be a reasonable time prior to such Expiry Date. The closing price will be such price as notified by the Company to the Client.

6.15. **Orders:** Stop Loss, Take Profit, Buy Limit, Buy Stop, Sell Limit, Sell Stop, on Financial Instruments are executed at the price declared by the Client on the first current price touched. The Company reserves the right not to execute the Order, or to change the opening (or closing as the case may be) price of the transaction in case of a technical failure in the Trading Platform, the quotes feed, or other technical failures.

6.16. Under certain trading conditions it may be impossible to execute Orders (Stop Loss, Take Profit, Buy Limit, Buy Stop, Sell Limit, Sell Stop,) on any Financial Instrument at the declared price. In this case the Company has the right to execute the Order or change the opening (closing) price of the transaction at a first available price. This may occur, for example, at times of rapid price movement if the price rises or falls in one trading session to such an extent that under the rules of the relevant exchange, trading is suspended or restricted. Or this may occur in the trading session start moments. Hence, as a result, placing a Stop Loss order will not necessarily limit the Client's losses to the intended amounts, because market conditions may make it impossible to execute such an Order at the stipulated price.

6.17. The Client may submit to the Company in writing by e-mail or delivery by hand, his objection to the execution or the non - execution or the mode of execution of a transaction and/or Order concluded on his behalf within two (2) working days from the conclusion of the transaction. Otherwise the transaction will be considered valid and binding on the Client.

6.18. At Margin level "Zero" the Company will automatically close all positions at the price then offered by the Company.

6.19. The Client agrees and realizes that all conversations / communications between the Client and the Company can be recorded on magnetic, electronic or other means. The Client further agrees that the Company has the right to use these records as evidence in the event that any dispute arises between the Company and the Client.

6.20. The Company reserves the right to not accept/refuse and to not offer the execution of transactions on behalf of the Client ordered via telephone, fax, email or any other method..

6.21. In case of force-majeure, hacker attacks and other illegal actions against the Trading Platform or any of the Company systems, or in the event of a suspension of trade in the financial markets relevant to the Financial Instruments of the Company, the Company may suspend, freeze or close the Client positions and request the revision of the executed transactions.

6.22. All price levels on the Trading Platform are determined at the Company's discretion. Any references of the Client to prices of other trading or information systems shall be disregarded.

6.23. The Client shall not use any software for the purpose of automatic trading in his account. Furthermore, the Client shall not use or allow the use of a device with which the Client is performing transactions in any manner obstructing and/or interfering with the regular and ordinary carrying out of such transactions as contemplated by the Company (i.e. using expert advice software, auto clicker and similar software).

6.24. The Company has the right at its discretion to increase or decrease spreads on Financial Instruments depending on market conditions.

6.25. The Company has the right not to accept trading in currency pairs, to be determined in its own absolute discretion, and after a critical news release (e.g. breaking news events and economic indicators announcements).

6.26. The Company is not responsible for any delay of transferring of funds to the Client's trading account on the online trading platform. The Company reserves the right to use, add, amend, accept and/or cancel any agreement regarding the deposit method offered to the Client of transferring funds to the Company's client account, at its own discretion at any given time. Deposits to the Company's client account are accepted only if the Company is satisfied with the information provided by the client and is in accordance to the Company's policy and relevant regulations, and directives issued by authorities. The Company has the right to refuse/reject to accept of deposits on Company's client account at its own discretion.

Under Applicable Regulations, the Company will keep records containing Client personal data, trading information, account opening documents, communications and anything else which relates to the Client for at least five years after termination of the Agreement or a Transaction

7. REFUSAL TO EXECUTE ORDERS

7.1. The Client acknowledges that the Company shall have the right, at any time and for any reason and without giving any notice and/or explanation, to refuse, at its discretion, to execute any Order, including without limitation in the following cases:

- a) Whenever the Company deems that the execution of the Order aims at or may aim at manipulating the market of the Financial Instruments; constitutes an abusive exploitation of privileged confidential information (insider trading); contributes to the legalization of proceeds from illegal acts or activities (money laundering); and/or affects or may affect in any manner the reliability or smooth operation of the electronic Trading Platform;
- b) Whenever the Order concerns the purchase of any Financial Instrument but there are no available cleared funds deposited with the Company and/or in the Bank Account (as in paragraph 9 below) to pay the purchase price of the relevant Financial Instrument and all the charges relating to the said Trading Platform. In calculating the said available funds, all funds required to meet any of the Client's obligations include, but without limitation, obligations which may arise from the possible execution of other previously registered purchase Orders, which will be deducted from the cleared funds deposited with the Company and/or in the Bank Account.

The Company is not obliged to give reasons or notice as to the reasons for suspending, declining or cancelling Client's orders or instructions. Moreover, in the event that the Company does decide to suspend or cancel an instruction, such cancellation will not affect any obligation which

the Client may have towards the Company or any right which the Company may have against the Client or his assets.

7.2. The Client declares that he shall not knowingly give any order or instruction to the Company that might instigate the Company taking action in relation to paragraph 7.1.above.

8. SETTLEMENT OF TRANSACTIONS

8.1. The Company shall proceed to a settlement of all transactions upon execution of such transactions.

8.2. A statement of Account will be provided by the Company via the Trading Platform to the Client on a monthly basis, within five (5) working days from the end of the previous month. In case no transactions were concluded in the past month, the Client is deemed to have lost his right to be informed. Any confirmation or proof for any act or statement of account or certification issued by the Company in relation to any transaction or other matter shall be final and binding on the Client, unless the Client has any objection in relation to such statement of account or certification and the said objection is filed in writing and received by the Company within two (2) working days from the receipt or the deemed date of receipt of any statement of account or certification.

8.3. In the case where the Client is able to have an online statement for his account on a continuous basis, then the Company is considered as having fulfilled its obligations under paragraph 8.2 and any objections of the Client shall be valid only if received by the company in writing within two (2) working days from the transaction under objection.

9. CLIENT ACCOUNTS

9.1. All amounts handed over by the Client to the Company or which the Company holds on behalf of the Client, for the provision of Investment Services as in paragraph 2. above, shall be held in the name of the Client and/or in the name of the Company on behalf of the Client in an account with any bank or other institution used to accept funds which the Company shall specify from time to time (the "**Bank Account**").

9.2. Upon signing the Agreement, the Client authorizes the Company to make any deposits and withdrawals from the Bank Account on his behalf including, without prejudice to the generality of the above, withdrawals for the settlement of all transactions undertaken under the Agreement and all amounts which are payable by or on behalf of the Client to the Company or any other person.

Unless otherwise agreed in writing by the Company and the Client, this Agreement shall not give rise to any rights other than those set out herein or to any credit facilities.

9.5. The Client has the right to withdraw the funds which are not used for margin covering, free from any obligations from his account without closing the said account.

9.6. Money transfer (withdrawal from Trading Account) is achieved within three (3) banking days after receiving from the Client a withdrawal request instruction. Then the transferring amount reduces the balance of the Client's account on the day the withdrawal request is processed. The Company reserves the right to decline a withdrawal request if the request is not in accordance with paragraph 9.9.below, or delay the processing of the request if not satisfied on full documentation of the Client.

9.7. The Client agrees to pay any incurred bank transfer fees when withdrawing funds from his account to his designated bank account. The Client is fully responsible for the payment details that he has provided to the Company and the Company accepts no responsibility for the Client's funds if the Client's given details are incorrect. It is also understood that the Company accepts no responsibility for any funds not deposited directly into the Company's bank accounts.

9.8. The Client agrees that any amounts sent by the Client or on the Client's behalf in the Bank Accounts, will be deposited to the Client's Trading Account at the value date of the payment received and net of any charges / fees charged by the Bank Account providers or any other intermediary involved in such transaction process. The Company must be satisfied that the sender is the Client or an authorized representative of the Client before making any amount available to the Client's Trading Account, otherwise the Company reserves the right to refund / send back the net amount received to the remitter by the same method as received.

9.9 Withdrawals should be made using the same method used by the Client to fund his Trading Account and to the same remitter. The Company reserves the right to decline a withdrawal with specific payment method and to suggest another payment method where the Client needs to complete a new withdrawal request. If the Company is not satisfied with any documentation provided by the Client, the Company may reverse the withdrawal transaction and deposit the amount back to the Client's Trading Account.

9.10. In the event that any amount received in the Bank Accounts is reversed by the Bank Account provider at any time and for any reason, the Company will immediately reverse the affected deposit from the Client's Trading Account and further reserves the right to reverse any other type of transactions effected after the date of the affected deposit. It is understood that these actions may result in a negative balance in all or any of the Client's Trading Account(s).

9.11. The Client agrees that in case of such a negative balance in any of the Trading Account(s) of the Client, the Company can transfer such an amount from any other Trading Account of the

Client to that account to cover the negative balance. Furthermore it is understood and accepted by the Client that in the case that there are no sufficient amounts to cover the negative balance in the Trading Account, the Company reserves the absolute right to terminate this agreement with twenty four (24) hours' notice through the Trading Platform or email and claim the amount of negative balance and any expenses it might incur.

9.12. The Client agrees to waive any of his rights to receive any interest earned in the money held in the Bank Account and consents that the Company will benefit from such interest earned to cover registration/general expenses/charges/fees and interest related to the administration and maintenance of the Bank Account.

10.2. The Client shall pay the Company, immediately when so requested by the latter and the Company is entitled to debit the account of the Client with any value added tax or any other tax, contribution or charge which may be payable as a result of any transaction which concerns the Client or any act or action of the Company under the Agreement (excepting taxes payable by the Company in relation to the Company's income or profits).

Before the exercise of the said right, which does not require the Client's consent, the Company shall give the Client notice stating its intention to exercise the lien, as well as the deadline upon the expiry of which the Company shall exercise the said right.

10.4. In case the Client fails to pay any amount by the date on which the said amount is payable, the Company shall be entitled to debit the accounts of the Client stated in paragraph 9 above with the said amount and/or liquidate in the name of the Client any of the Client's Financial Instruments in view of covering the aforementioned amount.

10.5. The Company reserves the right to amend at its discretion all such commission, costs and financing fees. All information relating to the aforementioned amendments will be available on the Main Website which the Client must review during the period the Client is dealing with the Company and especially before placing any orders with the Company.
